

# Nuclear Photonics 2023

## Thursday, September 14, 2023

### Photonuclear Reactions - Junior Ballroom (8:45 AM - 10:30 AM)

-Conveners: Kelly Chipps

time	[id] title	presenter
8:45 AM	[52] Electric dipole response of exotic nuclei studied by virtual photon scattering	TOGANO, Yasuhiro
9:20 AM	[66] Discrepancies between (p,p') and ( $\gamma$ ,xn) experiments	DONALDSON, Lindsay
9:50 AM	[53] The Temperature-dependent Relative Self-Absorption technique	PIETRALLA, Norbert
10:10 AM	[54] Theoretical motivations to push for development of polarized gamma-rays experiments in nuclear physics	FORTUNATO, Lorenzo
