

# Nuclear Physics Over The Years: From the high spin era to rare isotopes

## Friday, September 19, 2025

**Session 1: High spin collectivity & superdeformation: Session 1: High spin collectivity & superdeformation - Sun Flower Room (8:50 AM - 10:15 AM)**

-Conveners: Paul Fallon

time	[id] title	presenter
8:50 AM	[2] Superdeformation at ATLAS: from the Notre Dame BGO Array to GRETINA	Dr CARPENTER, Michael
9:10 AM	[3] Exotic Nuclear Structure under the Microscope - Seeing 'AYEBALL to AYEBALL' with Robert	Prof. REGAN, Patrick
9:30 AM	[4] Taking Nuclei for a Spin	Prof. CHOWDHURY, Partha
9:50 AM	[5] A High-Spin Journey with Robert	Prof. HARTLEY, Daryl
